

If you, or your child, have difficulties with reading, decoding, writing, spelling, math, or attention deficits, Dyslexia could be the cause! Please join us for a **free** informational seminar that will give you an in-depth understanding of what dyslexia is, signs to look for, and solutions that help.

Seminar Agenda:

Thinking style—Learning differences

The two facets of Dyslexia: The disability...and THE GIFT

Common, often overlooked, characteristics of Dyslexia – signs to look for

The root cause of Dyslexia—A new perspective

Why creativity holds a critical key to visual-spatial learning

Overview of Davis® Dyslexia Correction Program

Q&A

Seating is limited - pre-registration is required.
